UpToDate Android Shortcut

Did you know that you can now access UpToDate from your Smartphone or tablet?

Below are the easy steps on how to set this up:

- Make sure your device is connected to a wireless network.
- Go to www.uptodate.com/login
- Click on OpenAthens login and put in your HHFT OpenAthens account details
- Save your OpenAthens login details if prompted

You can now access UpToDate as easily as you do from a HHFT PC.

To access UpToDate faster create a short cut icon. For easy instructions on how to do this for Android please see below.

1

In Internet browser, bookmark the UpToDate website.

2

On home screen. Long press an empty space and select Shortcuts from Add to Home screen.

3

Select Bookmark and then UpToDate Bookmark.
