# UpToDate is now available!

## Interactive clinical decision support

UpToDate is now available for all staff at Hampshire Hospitals NHS Foundation Trust, this includes Consultants, Junior Doctors, Nurses, Midwives, Pharmacists, AHPs and Library staff.

The stakes are high when treating patients - and every decision counts. You need to have the best evidence and clinical guidance at your fingertips to confidently answer even the most complicated questions.

UpToDate® Anywhere can be accessed on all computers connected to Hampshire Hospitals NHS Foundation Trust network, and mobile access is also possible.

UpToDate® includes over 12,700 topics in more than 25 specialties, a drug and interaction database (in collaboration with Lexicomp®), around 1,500 patient education materials and over 37,000 graphics and links to more than 530,000 references.

### 1 Registration is simple:

- Go to [www.uptodate.com/online](http://www.uptodate.com/online) using a laptop/pc connected to the Trust network
- Click on Register in the top right on the UpToDate search page.
- Now create your own username and password on the UpToDate registration page.

### 2 Download UpToDate Mobile App
