

# Current Evidence: Setting up Email Alerts

## BMJ Best Practice **BMJ** Best Practice

Evidence-based, point of care tool for step-by-step guidance on diagnosis, prognosis, prevention and treatment.

**The Email Alert Service** sends you new content (latest articles) and / or Table of Contents when a new issue appears. It covers all BMJ Journals, including 'The British Medical Journal.'

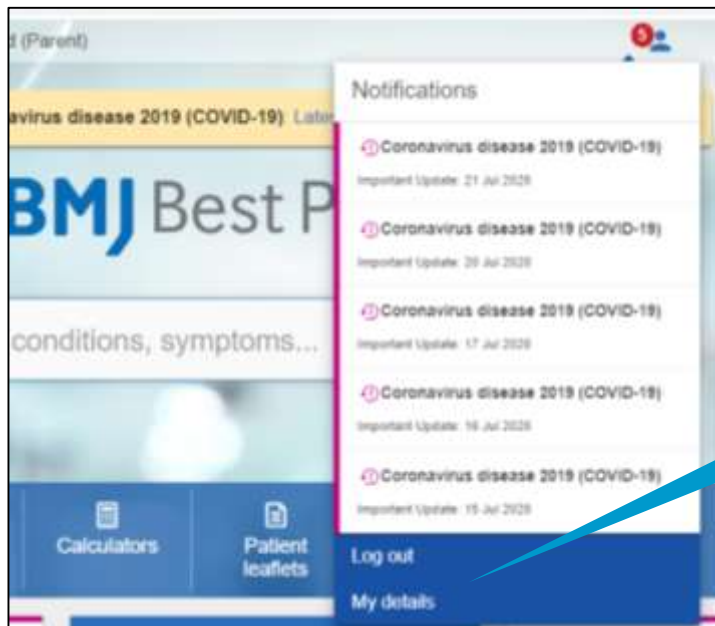

### What do I need?

- NHS OpenAthens account (see Library Website), **then**
- BMJ Best Practice account (see <https://www.bmj.com/company/hee/>)

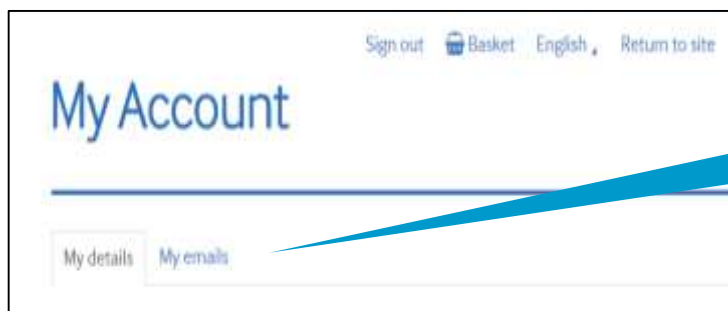

- (1) Access BMJ Best Practice with the link above, or go to: <https://bestpractice.bmj.com/> or the Library Website: <http://www.hantshealthcarelibrary.nhs.uk/>

- (2) Once logged in, select the person icon at the top of the screen.

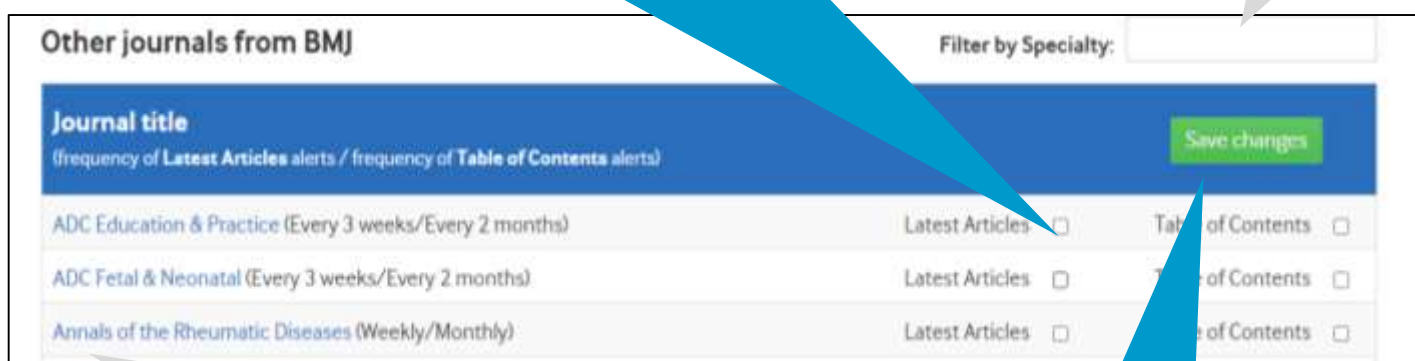

(3) Select  
'My details'

(4) Select  
'My emails'

(5) Make your selections by ticking the boxes and / or the link: 'Browse and sign up to journal alerts.'

Enter a keyword  
(optional)

To go straight to the journal issue, click on a title. You can set up an alert for that title, by clicking the envelope icon.

(6) Save changes
