

# Sustainability in Healthcare update November 2023

If you need help getting hold of the full text of anything here or require a more focussed search, please contact the Healthcare Library.

Case Studies	Mental Health
Digital	Nursing & Midwifery
Estates	Reports
Food	News
Funding	Events/CPD
Global Health	Listen-Watch-Read
Guidance	E-books
Journal articles	

## Case Studies

[Greener NHS \(england.nhs.uk\)](https://www.greener.nhs.uk)

[A mixed-methods analysis of the climate impact, acceptability, feasibility and cost of switching from single-use pulp to reusable plastic trays in a large NHS trust | \*Future Healthcare Journal\*](#)

## COP 28

[Over 120 countries back COP28 UAE Climate and Health Declaration delivering breakthrough moment for health in climate talks](#)

[Global health community calls for urgent action on climate and health at COP28 \(who.int\)](#)

[COP28 HEALTHLETTER](#)

## Digital

[Enhancing Sustainability through Accessible Health Platforms: A Scoping Review - Sustainability](#)

[How to promote telemedicine patient adoption behavior for greener healthcare? - Journal of Cleaner Production](#)

[Operational greenhouse-gas emissions of deep learning in digital pathology: a modelling study - The Lancet Digital Health](#)

## Education

[Care for the Environment as a Consideration in Bioethics Discourse and Education – The New Bioethics](#)

[Climate-health tele-education as a force multiplier: A train-the-trainer ECHO course series -Journal of Climate Change & Health](#)

[Climate change curricula in physician associate and physician associate-comparable professional clinical programs - Journal of Climate Change & Health](#)

[Impact on health professions education of the climate and nature crisis – Medical Teacher \(editorial\)](#)

## Estates & Facilities

[A data-driven digital transformation approach for reverse logistics optimization in a medical waste management system -Journal of Cleaner Production](#)

[Converting waste into chemicals to produce medical devices \(healthstatejournal.com\)](#)

[Eco-Sustainable Energy Production in Healthcare: Trends and Challenges in Renewable Energy Systems - Energies](#)

[‘Innovative’ waste management procurement solution launched \(healthstatejournal.com\)](#)

[Modular heat pumps for seaside Devon hospital \(healthstatejournal.com\)](#)

[Net Zero travel and transport strategy - NHS England](#)

## Food & Nutrition

[Collaborative leadership to support sustainability in practice for dietitians as allied health professionals – Journal of Human Nutrition & Dietetics](#)

[Designing climate labels for green food choices - Journal of Cleaner Production](#)

### *Funding*

[Network to drive digital sustainability and a circular economy – UKRI](#)

[Research for a digitally enabled circular economy and sustainable digital technologies – UKRI](#)

### *Global Health*

[The 2023 China report of the Lancet Countdown on health and climate change: taking stock for a thriving future - The Lancet Public Health](#)

### *Guidance*

[Carbon reduction plan and net zero commitment requirements for the procurement of NHS goods, services and work - NHS England](#)

[Flooding and health: advice for frontline responders - GOV.UK \(\[www.gov.uk\]\(http://www.gov.uk\)\)](#)

[Net Zero Mental Health Care Guidance and Education | Royal College of Psychiatrists \(\[rcpsych.ac.uk\]\(http://rcpsych.ac.uk\)\)](#)

[Operational framework for building climate resilient and low carbon health systems \(\[who.int\]\(http://who.int\)\)](#)

### *Journal articles*

[A framework for the assessment of optimal and cost-effective energy decarbonisation pathways of a UK-based healthcare facility – Applied Energy](#)

[Associations between air pollution, residential greenness, and glycated hemoglobin \(HbA1c\)... – Environmental Research](#)

[Carbon footprint of general practice: Retrospective case study of GP offices in a rural department of France – Journal of Climate Change & Health](#)

[Complex Adaptive Systems-Based Conceptual Framework for Modeling the Health Impacts of Climate Change – Journal of Climate Change & Health](#)

[Current and Future Sustainability Traits of Digestive Endoscopy - Sustainability](#)

[Effects on child and adolescent health of climate change mitigation policies: A systematic review of modelling studies – Environmental Research](#)

[Environmental sustainability and gynaecological surgery: Which factors influence behaviour? An interview study - BJOG](#)

[Environmental sustainability from anaesthesia providers' perspective: a qualitative study – BMC Anesthesiology](#)

[Environmental Sustainability: Waste Audit Comparison Operating Room and In-Office Laryngeal Surgery - The Laryngoscope](#)

[Ergoecology Factors Influencing Healthy and Sustainable Workplace in Healthcare Organisation - Sustainability](#)

[Evaluation of Climate-Aware Metrics Tools for Radiology Informatics and Artificial Intelligence: Towards a Potential Radiology Eco-Label - JACR](#)

[Exploring anaesthetists' views on the carbon footprint of anaesthesia... – Anaesthesia & Intensive Care](#)

[Healthcare feels the heat: A primer for radiologists on climate change-related regulatory and policy trends – JACR](#)

[How can the environmental sustainability of healthcare products be taken into account throughout their life cycle?\\* -Journal of Climate Change & Health](#)

[How to save £20000 and 780 staff hours a year on a single ward—by making one climate friendly change | The BMJ](#)

[Impact of Climate Change on Surgery: A Scoping Review to Define Existing Knowledge and Identify Gaps – Journal of Climate Change & Health](#)

[Infection Prevention, Planetary Health, and Single-Use Plastics | JAMA \(\[viewpoint\]\(#\)\)](#)
